DISTRIBUTION: Media representatives receive media accreditations for all official motorsport events (approved by FIA, FIM, AMF etc.) in principle from the organiser. Only one media representative per editorial office can be accredited for XLR8. Accreditation applications may be rejected if no press card or proof of journalistic work in the field of sport (minimum of four credentials not older than one year and with proof of authorship) can be presented. If one of the accreditation requirements is not fulfilled, accreditation may be approved by BG Sportpromotion GmbH in exceptional cases. The organiser reserves the right to reject accreditation applications even without the need to give reasons. There is no legal entitlement to accreditation.

PRIVACY: I agree that my data may be presented to officials of the event and security authorities upon request.

DECLARATION OF THE MEDIA REPRESENTATIVE or PHOTOGRAPHER active during the event:

1. I am aware of the risks of motorsport events and obligated to follow the instructions of the event organisers, race control staff and the police. These instructions may be written, verbal, or in optical form and apply especially to trespassing on closed areas.
2. Race control staff will identify designated areas for the media on the track. I will follow the instructions of the track marshals and the officials of the event.
3. I acknowledge that, if I should leave the areas accessible to spectators and those instructed by race control/circuit, I do so entirely at my own risk, even if I am tolerated. It is explicitly forbidden to cross race-track barriers (e.g. guard rails, concrete barriers, fences) in general.
4. I renounce any claim for damages incurred against myself or property, both personal and professional, in the event of injury or death. If, for any reason, I should violate this disclaimer, the following authorities, race services and other individuals and institutions connected with the event will not be held responsible:
  - the FIA, AMF (Austrian Motorsport Federation), Salzburgring, BG Sportpromotion GmbH, their presidents, general secretary, members, main and honorary employees,
  - the event organisers, their representatives, sport officials and helpers,
  - the owner of the racetrack and their representatives,
  - the drivers, passengers, keepers, owners, competitors and their helpers, concerning my conduct during a race; a special test for high-speed or sport-distance time; a training session, whether timed or untimed,
  - public authorities, racing services and other persons or institutions connected with the organisation of the events.
5. I am aware that any violation of all the points mentioned above will result in the withdrawal of my media ticket and vest.
6. By signing this declaration and receiving a confirmation from the organisers, the journalist receives a valid media ticket and a vest from the organiser, which must be worn visibly during the activity.

With my signature I confirm to have taken full note of this declaration.
